

HC2 Holdings, Inc. Announces New Name, INNOVATE Corp.

July 9, 2021

Name Change to INNOVATE Corp. Expected in Q3 2021

Focused on Infrastructure, Life Sciences and Spectrum

NEW YORK, July 09, 2021 (GLOBE NEWSWIRE) -- HC2 Holdings, Inc. (NYSE: HCHC) today announced that it will change its name to INNOVATE Corp. The name change is expected to become effective by the end of the third quarter of 2021.

"The name INNOVATE perfectly describes our corporate ethos – INNOVATE is who we are and INNOVATE is what we do," said Avie Glazer, Chairman of HC2. "INNOVATE is best-in-class assets in three key areas of the new economy – infrastructure, life sciences and spectrum."

"Today's announcement sets us on a path dedicated to stakeholder capitalism and sustainable value generation," said Wayne Barr, HC2's President and CEO. "Over the last year, we've made tremendous progress refocusing our portfolio on our most promising assets. We are a transformed company, and we look forward to beginning our next chapter as INNOVATE Corp."

INNOVATE Corp. comprises three distinct business segments each positioned to capitalize on changing industry dynamics and deliver meaningful value for all stakeholders.

- **DBM Global**, INNOVATE's infrastructure segment, is one of the leading steel fabrication and erection companies in the United States. DBM Global is a highly efficient and collaborative portfolio of companies providing better designs, efficient construction and superior asset management solutions. In May 2021, DBM Global acquired Banker Steel, expanding DBM's footprint nationwide and further strengthening its position as a preeminent infrastructure company.
- **Pansend Life Sciences** is invested in R2 Technologies, which recently launched its first product using its revolutionary CryoAesthetic skin lightening and brightening technology in the \$22 billion aesthetic dermatology market. Pansend is also invested in MediBeacon, which is developing the first real-time monitoring solution for kidney function. MediBeacon's proprietary technology has received breakthrough device designation from the Food and Drug Administration (FDA).
- **HC2 Broadcasting Holdings, Inc.**, INNOVATE's spectrum segment, is the largest over-the-air (OTA) distribution platform in the U.S. operating approximately 230 broadcast stations in over 90 U.S. TV markets and Puerto Rico, including 34 of the top 35 markets. With a focus on delivering a highly flexible and scalable platform to high-quality content providers, HC2 Broadcasting is uniquely positioned to capitalize on the growing base of OTA households in the U.S. as the cable cord-cutting trend continues and home entertainment evolves.

As part of the name change, the Company will roll out a new corporate brand identity and website in the third quarter of 2021, at which point the Company's shares will trade on the New York Stock Exchange under a new trading symbol. The effective date for the name and trading symbol change will be announced at a later date. Until that time, the Company will continue to trade on the New York Stock Exchange under its present symbol, HCHC.
